Mike Sorenson: (641) 745-7949
Feel free to contact Mike for his honest appraisal of the cattle.
Val Eberspacher: (612) 805-7405

*Val has been around the Simmental business all his life and sees as many Simmental as anyone.
Feel free to call Val sale day for his appraisal of the offering.*

We will have a trailer going to Brandon Manitoba after the sale.

Trucking not exceed \$300/hd.

We will assist with other delivery arrangements.

Busy cattleman buying service

If for some reason you are unable to attend the sale, please call and tell us what you are looking for and we will buy for you with a 100% satisfaction guarantee.

~Thank you!

Stanley, (563) 419-2444

Liability

All persons who attend the sale do so at their own risk. Neither the sales commission, management or seller assume liability legal or otherwise, for any accident that may occur.

Welcome to the Sale

We would like to welcome you to our Mature Cow Herd Dispersal and Bred Heifer Sale. I would like to thank all of our past buyers and also thank you for the interest in our program and taking the time to go through our catalog.

We have been raising Fleckvieh on the same farm for over 50 years, and with the last year's sale selling to 88% repeat customers, I believe that speaks to the quality of the cattle, the way in which they are represented, and the manner of fair business that we have practiced!

In this sale you will have the opportunity to acquire some of the most highly proven Fleckvieh females ever. They have proven themselves by building our herd, and now they can build yours!

This herd was built with very functional cattle, strong cow families and common sense! I'm of the belief that 100% Fleckvieh have no genetic defects, please ponder that for a minute and how valuable that could become moving forward! These same cows have attracted buyers from South Africa, China, Guatemala, Australia, Canada, and Mexico. 90% of our sales are to people that I have never met. They call on the phone-tell me what they want, and we deliver. I always tell them that if they do not like the cattle when they arrive, leave them on the trailer. And the trailer always comes back empty!

Thank you and God Bless,

– The Stanley Martins Family

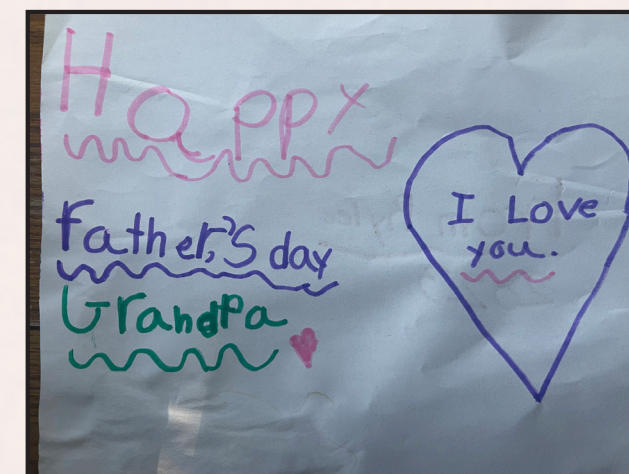

Stanley Martins Family

Kade Meyer

Thanks for all your help!

Alvin Miller, Herdsman

Feel free to call Alvin at
(563) 880-5103.

Sibelle Pol Synergy

ASA # 3890151

Sibelle Pol Synergy sold for \$62,000 as a yearling to Virginia Ranch. A true living legend! The six bred heifers, sired by Synergy, that sold in the Western Harvest sale last December averaged \$29,000! Many of the bred cows carry his valuable services.

Golden Dawn Gundula

REGISTRATION # 3908268

Gundula, Yikes! Talk about emotional nostalgia, selling these cows, maxes me out! We have sold some great cows that have made their new owners lots of money over the years, but I do not think we have ever sold two better females than these two flush mates that we are starting the sale with. Gundula has always been Alvin's and my pick for her extra muscle volume and deep red color. We have always emphasized the value of strong cow families, and Gundula is the epitome of why!

Golden Dawn Gentry

REGISTRATION # 3925077

Gentry-When we raised Hampshires, our focal point was to produce the very best boars to maximize commercial pork production. And that took us to great success. Our goal is now, and always has been, and always will be the same as it was with our Hampshires to produce rancher and farmer friendly bulls so our commercial customers can maximize their profits. As I have stated, in the past, often times our best calves come from our natural herds production. Of over 100 Fleckvieh heifer calves born this year, our favorite is Gentry's heifer calf sired by "Classic".

Golden Dawn Lucille

REGISTRATION # 3867418

Time and time again, I have stressed our use of proven genetics to attain success. Lucille is a living testament! Lucille's sire Crossroad Radium came to use as a seven-year old after proving to be one of the best sires in all of Canada, where there are 748 registered progeny. Breeders do not continue to use bulls unless their progeny excel! Radium continues to excel in calving ease, udder quality, and disposition! Then add in that Lucille's mother is a Westdrums Andrew of the timeless Kerstin and Lilli Marlen. If you are looking for a flush cow to build a herd around, there is no guess work with Lucille!

LOT 5

Golden Dawn HP Scarlett

REGISTRATION # 3728649

Scarlett and her mother Daja Vu. Both (Homozygous Polled) each raise one of our very best calves each year. Which they have both done again this year. A very highly productive cow family who's offspring do not give up anything to their horned contemporaries, which is quite rare! Scarlett is bred to have a homo polled calf sired by the \$51,000 dark, red Evolution. I would expect that calf to make Scarlett a wise investment! The two maternal sisters to Scarlett, that we have sold went for \$10,000 and last years top seller at \$15,500.

Golden Dawn Heidi

REGISTRATION # 3890686

Heidi is one of twelve Treasure daughters that we will be selling. I do not know of a more time tested or proven cow family. I have a very large soft spot in my heart for Heidi as she was my favorite heifer calf. She was my favorite bred heifer, and now, before she leaves, she has left a "head turning" daughter! You will want to be sure to check out Heidi's daughter in the bred heifer section. One of the widest topped heifers we have ever raised! With Heidi's calf by Synergy, you can not lose. A bull calf, and you have a herd bull, and with a heifer calf, you double the size of your donor pen. Bulls out of Treasure daughters are the first ones sold from the bull pen each year! Heidi has a very special Josey heifer calf this year.

Golden Dawn Gretel

REGISTRATION # 3908266

Gretel is another from the great Treasure-Gibbons Jeremiah flush of which there were eight. Five of which will be in this sale. Gretel's 2025 bull calf is right there at the top of the bull pen. Gretel is a cow that I think will work especially well with Synergy because of the consistency of this cow family. Please remember that the sale pictures were taken Sept. 12th while still nursing their spring born calves! Gretel is a diluter.

LOT 9

Golden Dawn Beulah

REGISTRATION # 3728649

Beulah and Lot 9 Anna both come from what I consider our strongest cow. Beulah 155Z. We wish that we had more production from 155Z, but she never gave us more than two embryos in the three times we tried IVF. 155Z sell as as lot 38. Any male or female that we have had from her are always in the top half of the herd. They are that consistent. Lot 9 and Lot 10 are two of our very best. Both very moderate with a lot of volume and muscle and impeccable dispositions.

Golden Dawn Lotta

REGISTRATION # 3542958

Lotta is one of three flush mates from Anchor T Impact and Blume 29X that we have hung onto. Lava was selected by Stephon Beechinor from Alberta Canada. In the last few years Stephon has sold a \$355,000 bull, one for \$275,000 and quite recently one to Black Gold for \$160,000. So I think Stephon may kind of know what he is doing. The other Freida is working for John and Casey Smith at Ruby Lane farm in Texas. We are humbled that breeders of such magnitude come to Postville, Iowa. Lotta is raising a terrific Classic bull calf this year that was selected by a repeat customer for \$7,000 while still nursing his mother, Lotta.

Golden Dawn Anna

REGISTRATION # 3728651

We knew Anna was a very special female from very early on. As a calf, she would always be the first one to come up and greet you, every time you came to the pasture! Thanks to Trans Ova, we have over 15 daughters in the herd and more on the way. Anna transmits her personality and volume to all of her offspring. Her son Axel has sired two of the very top bred heifers that are in the sale. The consistency of this cow family is the best that I have ever seen.

Keato PLD Florentia 32F

REGISTRATION # 4173079

Florentia - I'm 78 years old so my years of experience, I think gives me a "leg up on most!" and I also think that I do my homework as well as anybody which lead me to Florentia. Keato Meadows had sold a high dollar heifer calf sired by Fonzie (who we had a great interest in) and mothered by Florentia, her first calf. There are lots and lots of cattle that sell for very high prices in Canada, so when one of the top several breeders in Canada, John Beechinor, purchased her, there is a very good chance that she was pretty, special! Again-proven genetics!

Golden Dawn Moola

REGISTRATION # 4208307

Moola is unquestionably one of our best Radium daughters ever! (and we have had some good ones) Maybe the best udder on the farm! Small udder, big calf that is a great combination. This last year we sold eleven bulls for \$10,000 or more each. Moola's bull calf will be in this years group. It does not cost , it pays to buy the best. I would not be a bit surprised that if in Moola's career she made the most money of any cow in the sale. Don't forget Moola is bred to Synergy, ponder that!

Golden Dawn Gabi

REGISTRATION # 3908274

Gabi is one of the real "power house" cows in the entire offering. Originally Simmental were known for great females but the bulls not quite as much. That has changed drastically in the last decade. Cows like Gabi are the reason for that. In 2023, she raised our best bull calf-Command, who we used ourselves and has sired an impressive set of calves. Command now resides in North Carolina. Last year's bull also the best was selected by a very astute state cowboy from Georgia. This year Josey's son looks equally impressive, We will try to get a flush out of Gabi before she leaves; yes, Gabi is that good!

Golden Dawn Victoria 1369G

REGISTRATION # 3770224

Victoria is a very impressive cow with a very impressive production record of producing very top end heifers the last three years in a row! This year's Classic daughter may be her best yet! Just like with our Hampshire's, it almost always worked the best to have bigger, roomier, broody females, then mate them to a lower set thicker, heavy muscled boar like Lumberjack or Kow-lige. And you can really make some of the best ever! Victoria is that big broody female.

Golden Dawn Happy

REGISTRATION # 3638322

Happy-I guess that was how you could describe me when I first saw this blood red calf heifer calf off of Maltese and Treasure. Happy raised a mixed set of twins by Classic this year so she is not as fleshy as some of the other cows. Classic has done a phenomenal job for us, and just like Donna MaMurphy told me, Classic sires good females and bulls. Classic is now 10 years old and has never looked better! We are elated that Happy's son is one of the five Classic sons that we will be retaining. Using bulls from superior cow families is the only way! Happy may have our best bull calf and her full sister (Lot 4) may have our best bred heifer.

Golden Dawn Helen

REGISTRATION # 4169490

Helen is a blood red South Seven Adonis cow who's mother was one of the picks of the herd going to Tyler Lang from North Dakota. We have done lots of business with Tyler since that time. They don't come any better than Tyler, But getting back to Helen, I believe the calf she is carrying by Bordeaux could be very, very special. Helen's muscle and mass combined with Bordeaux's proven track record is like money in the bank! I think it will be a large deposit.

Golden Dawn Georgina

REGISTRATION # 3908276

Georgina is a flush mate to the two females that we are starting the sales with. I think the three best words to describe Treasure daughters are productive, productive, productive. Breed Georgina to a bull with a little power, and she hits a home run every time. Harry Satchwell produced three Synergy daughters that sold for over \$50,000 each. So here we have a Synergy calf coming out of a Treasure daughter. Treasure was undoubtedly one of Harry's Productions. Who says that you can't have it all?

Golden Dawn Lila

REGISTRATION # 4541008

We are really excited to be able to purchase Lila's mother BEE Lila 452B a highly proven polled donor sired by the time proven Achor D Viper. There will be several ET sisters to Lila 3M in this sale. A full sister to this heifer topped the Simmsational sale in Canada a couple of years ago selling for \$15,000 to the reputable Johnson Farming and Ranching where she is doing a stellar job. If you want a quality pedigree and EPD's, I do not know where you would go to find a better opportunity!

Golden Dawn Sallie

REGISTRATION # 4567891

Sallie comes from a "rock solid" cow family. Superior cow families have been more responsible for quality improvement than EPD's ever thought about. They tell me that Angus cattle now have an EPD for feet. So now we have a computer that has never seen the foot of a cow, that is telling us which has the best feet? My best advice to anyone wanting to breed better cattle is find a breeder that they trust, tell them what you want to do and they will help you because they want to continue business with you!

Silver Lake Jackson 24J

Our cupboard is not empty! This script was taken from a Black Gold footnote: *Silver Lake Jackson has taken the full blood industry by storm, (Canada) with his first set of sons averaging over \$50,000 for Mark Land & Cattle, including a \$165,000 high selling son to Labatte/Oberle and Canadian Sires.*

We purchased the first Jackson semen in the states and from three flushes, have 35 spring born Jackson heifers and also a Jackson son who appears to be a "stud". I believe that these are the first Jackson calves born in the states.

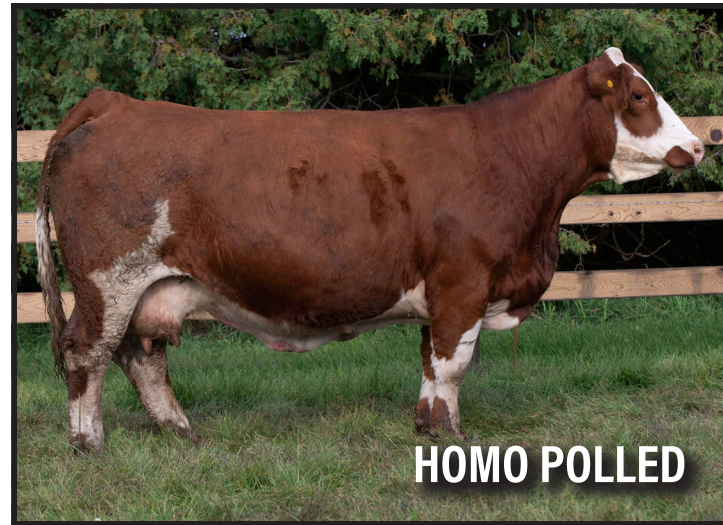

LOT 65

12 IVF Embryos stored at Trans Ova

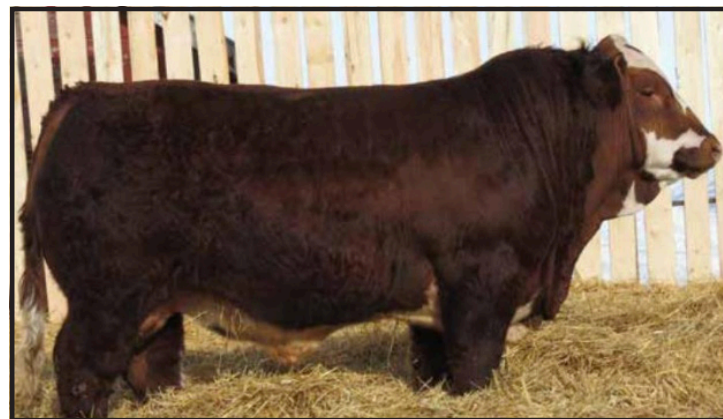

HOMO POLLED

**Sire of embryos:
Fairview Evolution**

HOMO POLLED

Dam of embryos: Daja Vu 68D
Daja Vu's last two daughters
sold for \$25,000.
She sells as Lot 6!

**Evolution as a yearling when
he sold for \$51,500**

Lot 65

- A. 3 IVF Embryos**
- B. 3 IVF Embryos**
- C. 3 IVF Embryos**
- D. 3 IVF Embryos**

Guaranteed one pregnancy if implanted by certified embryologists.

We will be offering twelve embryos sired by our \$51,500 Homo Polled Evolution bull. Donor dam is Daja Vu who is also Homo Polled. Daja Vu's has been a consistent producer of progeny of the highest quality regardless of which bull she is mated to. Her last two daughters netted \$25,500 and they were single polled. This is a great genetic opportunity to produce some very high quality, highly sought after, homo polled bulls and females. Non-diluter by pedigree.

LOT 66

12 female sexed IVF Embryos stored at Trans Ova

**Sire of embryos:
Sibelle Pol Synergy**

**Dam of embryos:
OSF Miss Knox Benz**

OSF Miss Knox Benz

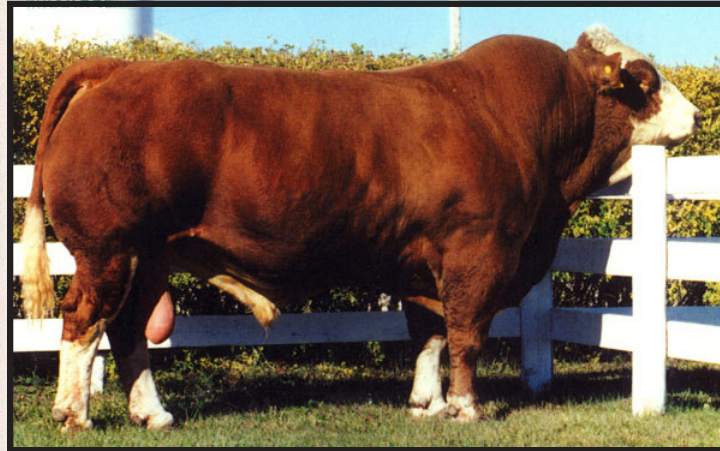

All female sexed Lot 66

- A. 3 IVF Embryos**
- B. 3 IVF Embryos**
- C. 3 IVF Embryos**
- D. 3 IVF Embryos**

We will be offering twelve female sexed embryos sired by the \$62,000 living legend Sibelle Pol Synergy. I believe it is safe to say that Synergy sired progeny have commanded the highest sale averages in Canada the last several years. Six bred heifers by Synergy that sold in Dec. 2023 averaged \$29,000! We were very excited to be able to bring OSF Miss Knox Benz to Golden Dawn Farms. She is a double-bred Kykso Hadau, which was the very best of the South African. I do not know who is more impressive: the cow or her two yearling heifers by Adonis 96Z or her fifteen off-spring calves by Silver Lake Jackson! OSF Miss Knox Benz is a tremendous female with an out cross pedigree.

This last January, we implanted 13 embryos and got 11 pregnancies.
