**OVER 30 DAUGHTERS OF SOUTH SEVEN ADONIS 96Z**

## *Welcome to the Sale*

Please accept this as your personal invitation to join us for our second female sale. We want to take this opportunity to not only thank last years buyers, but also to every one who has ever purchased from us over the years! I will be 74 on my next birthday and have been in the seedstock business all my life on the same farm. I have been very thankful that I get to do a job that I absolutely love to do!

We think you will like this years offerings. They were selected from cow families that have excelled at the highest level in North America. Good cattle, good pedigrees with strong emphasis on feet and legs, udders and disposition.

We sell our bulls off the farm 365 days a year. Ninety percent of our bulls sell between \$3,000 to \$5,000 and the top 10% are \$7,500 to \$10,000.

These cows are bred to raise those bulls. A great opportunity for the astute cattleman. We will help arrange delivery.

We are proud of our cattle and how they have worked for our customers. Hope to see you on sale day!

Thank you!  
The Stanley Martins Family

Stanley & Cheryl

Our daughter Kallee and her family  
Erik, Rylee & Morgan Nelson

Alvin Miller,  
Herdsmen

Our son Spencer & Jenna

## *General Information*

### **Bred Female Sale**

**Saturday, November 21, 2020 at 1:00 p.m.**

Decorah Sales Commission, 2123 Madison Road, Decorah, IA 52101

Sale Barn (563) 382-4203

Barn Manager Jesse Massman (563) 419-9553

There will be a complementary lunch served before the sale.

### **Watch and bid live on DV Auction.**

Call (402) 316-5460 for assistance to get registered for bidder number.

For technical support on sale day call Addy at (641) 780-6220.

## *Sale Day Phones*

Sale Barn: (563) 382-4203

Barn Manager Jesse Massman: (563) 419-9553

Erik Nelson: (507) 951-1216

Spencer Martins: (563) 419-1405

Bob Naylor: (515) 965-0667

John Torrance (309) 331-3333

*We will have a trailer going to Brandon Manitoba after the sale. Trucking not exceed \$300/hd.*

## *Liability*

All persons who attend the sale do so at their own risk. Neither the sales commission, management or seller assume liability legal or otherwise, for any accident that may occur.

## *Busy cattleman buying service*

*If for some reason you are unable to attend the sale, please call and tell us what you are looking for and we will buy for you with a 100% satisfaction guarantee.*

*~Thank you!*

*Stanley, (563) 419-2444*

- \* Lot 1A choice of any female born 2017-2020
- \* Lot 1B choice of any female born 2013-2016
- \* Lot 1C choice of any female born 2012 or before

This opportunity is of huge preparations. Select the very best of what has taken a life time to build. If requested, we will be happy to assist with selections. Successful bidders will have option of leaving cows here for embryo production. Arrangements must be made prior to purchase.

Successful bidder will have the choice of A, B, or C Lots. There will be only one selection from each age group. Buyer must select which age group they wish to select from and the remaining two age groups will be sold. Selection of specific female to be done by December 30, 2020. Should buyer select a female with a calf at side that calf will not be a part of purchase price and will remain property of Martins.

Due to contractual obligations neither Treasure 4T or Ms Moses 03X will not be available for selection.

## *Lot 1A*

The opportunity to select any female from our herd born from 2017-2020

This group features:

- A direct daughter of Hackenberg and Kerstin (100% German)
- Over 15 bred daughters of Virginia Treasure 4T
- Direct daughters of Stacey Mac
- \*Over 30 daughters of South Seven Adonis 96Z (Stuey)

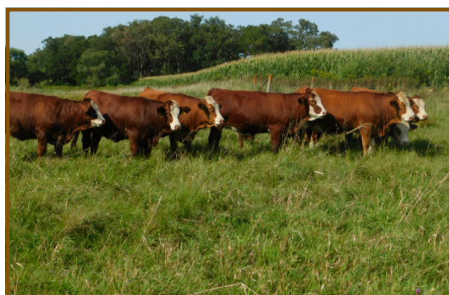

**Elsie 61E**

**117F**

**526E Hackenberg**

**Treasure Daughters**

**Treasure**

Selling choice of any female born 2013-2016

## *Lot 1B*

This group features:

- Britches
- Perfection
- Belle 28C
- Whole Lotta Rosie

Britches

Whole Lotta Rosie

Perfection 100D By Yuma

563 B

Belle 28C

## *Lot 1C*

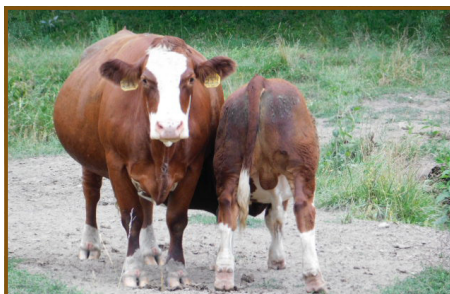

Any female born in 2012 or before

This group features:

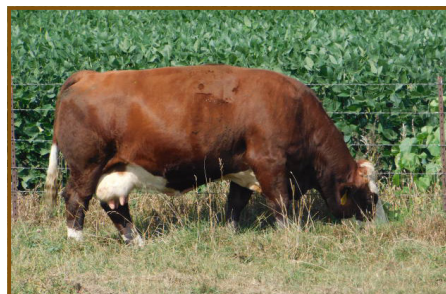

- Sweetie, a direct Siegfried out of Stacey Mac
- Zandra, the mother of No Doubt
- Blume 29X
- Judith 222Z

No Doubt

Judith 222Z

Blume 29X

## Emily

I was raised that when something good happens to you, you are supposed to share. That is exactly what we are doing with the Lots 2 and 3 heifers. Superior heifers from superior sires, from one of the most productive cow in North America, Treasure. There is no guess work here. True foundation genetics at it's best! We calved out our first four Treasure daughters this spring. All calved unassisted and are raising a couple of the best Radium calves that we have had. If you want to go the big dance, this is the one to take! AI May 6, 2020 Radium PE Bruno. See lot 35A for more information on Treasure.

## Treasure

In 2019 we were fortunate to have an exceptionally good set of over 70 heifer calves born, which lessens some of the pain of selling these bred heifers. This one caught our eye early and has done nothing but get better and better (as the good ones do). A great foundation female with her whole life ahead of her. Where do you find better genetics, that you can buy? If you want to play hard ball, Treasure 1231G, will be a home run! AI May 6, 2020 Radium PE Bruno. See lot 35A for more information on Treasure.

## Hope

A beautiful dark red Radium daughter out of a Legend cow. Tried and proven genetics over and over. We have witnessed many breeders with their herd bull selections, many times two good ones and one not so much. Two steps forward, and one step back! We have learned that by using Proven Genetics, it's three steps forward. A huge advantage! AI May 28, 2020 Imax PE Bruno.

## Essance

These next three heifers are flush mate sisters. The only way you can breed superior cows, sows or ewes is to use superior pedigrees and cow families and these heifers have both! The donor mother, "Miss King" is also the mother to the popular Canadian AI sire "Mr. Colossal 427Z"! We did not realize how good Miss King was until we saw this flush of seven heifers. We are retaining four the flush mates, two of which are polled. I would not be a bit surprised if a sister was selected as pick of the herd. See foot notes for Lot 7 and Lot 8. Do not sleep on these three flush mates! AI May 28, 2020 Radium PE Bruno

# Rachael

Flush mate to Lot 6 and Lot 8. The reason that we were attracted to South Seven Adonis 96Z (Stuey) was because he sired top cattle in many different cow herds in western Canada. As a matter of fact, his top four sons averaged \$58,750. Rachael and her sisters are classic examples of what "Stuey" can sire. If your raising cattle why not raise the kind people want to buy? # Wyonna

Wynona is a flush mate to Lot 6 and Lot 7. Since I started breeding Fleckvichs back in the 1980's we have come a long way in improving the quality and the consistency of the cattle. It used to be if we did a flush you would hope to get one good animal, that was red and double goggled. In this flush of seven heifers they are all goggled. When you purchase this heifer, you know that she comes from a superior producing cow family and is sired by what may be the best sire in Canada. AI May 28, 2020 Radium PE Bruno

## Treat

We wanted something very special to lead off the fall calving pairs. A cow that you could build a herd around. One from a very productive cow family. One that represents all of traits that we breed Fleckvieh for! Treat is a very moderate, thick and full of muscle while maintaining super femininity. Here is what Brian Valentine had to say about Treat, Treat was an easy standout in our replacement bred heifer pasture. She is an attractive, smooth made, easy fleshing heifer with matron written all over her. We can not say enough about Treat's dam, Treasure 4T. Consistently producing great ones with spiffire at the top of that list. And last year with 10 sons in our bull sale from 4 different sires averaging \$9,850. Treat is a very serious Fleckvieh cow that will attract a lot of attention where ever she goes. Sells with a bull calf at side born October 12, 2020 sired by Seger. Red Fern Dam of Factor Won the Royal Winter Fair as a Bred

## Factor

Finding really good polled non diluter bulls is very difficult. Finding homozygous polled, non diluter bulls is more difficult yet. They are rare. Factor has proven to us that it can be done. He obviously polls every calf, and they really come easy as he reduces gestation length by 5-8 days. I believe you will see some future herd sires selling with their dams. A great opportunity for the shrewd cowboy!

REGISTRATION #: 3449665

## Miss Molson

This is a strong producing cow. Her last years bull calf by Yuma sold to Oklahoma for \$5,000. If I were keeping her I would likely use Yuma on her again. Miss Molson's mother had an impeccable production record always producing very top end calf. We used her full brother "Master Plan" for several years before selling him to Al Helmke from Texas. (one of the nicest men I have ever met) We bred Master Plan to Treasure and got "Otto". Sells with a polled bull calf at side sired by Factor. born September 14, 2020

## Easy

This sweet four year old has pedigree to burn! I have seen Solway Adonis semen sell for as much as \$1,200/straw. The reason for that is the high quality cattle that he has produced. on the dams side you have Broadway one of my all time favorite female sires. Easy has a sweet disposition with a prefect udder that will last forever. Selling with a polled heifer calf by Factor born September 11, 2020

## Mary

In 2010 Dale Murray held a dispersal of one of the best Fleckvich herds. We were unable to attend the sale but, we kept track of who the cattle sold to that we had interest in. We stopped at Crocus Valley as they had purchased 10 cows. To our disappointment most of the cows had to much frame and were the harder doing kind. But, when I walked around the bale ring there was this nice small, thick easy doing cow with a knock-out heifer calf by Metro-Mary 55Y. If you want a female from great producing cow families Mary has it. Gentleman Jim and Beulah are from this very cow. Mary was chosen for embryo production from China. Sells with a bull calf at side sired by Landlord born October 19, 2020.

## *Earnestine*

A very well marked young female with her whole life ahead of her. I was with Randy Lehman the first time I saw Usher, in Alberta and we both agreed he was one of the top five mature Fleckvieh bulls that we had seen. Sells with a very fancy polled heifer calf sired by Factor born September 29, 2020.

## *Kuntz Gudas*

Kuntz Gudas was a \$22,000 high selling bull to the prestigious Virginia Ranch in 2018. In his first crop Gudas sired two of three high selling bulls in the 2020 Spectrum sale in addition to a son that Virginia Ranch kept. Hence Guda's availability. Our good friends John and Casey Smith in Texas purchased Gudas and their breeding season allowed us to use Gudas. A huge Thank you to the Smith family. ( you will be hearing from them) Gudas had " a 79 pound birth wt and weaned off at 836 pounds! Guda's dam just happen to be a full sib to the lot 35C embryos! Several of the bred cows carry Gudas valuable service.

REGISTRATION #: 3770214

## Stacey

Stacey is a direct daughter of our donor cow Stacey Mac. Not too much you would want to change with this sweet young cow. Good color, great udder and feet and legs. We do not like to sell Stacey Mac daughters and we do not like to sell Radium daughters. A great opportunity for sure! P.E. Ft. Knox May 6, 2020

## Prospera

Elbert Einstein once said "Out only source of knowledge is experience how true. Many years ago I saw Prospera's great grandmother and she was a very special cow. So, when I saw 23C's mother in a sale catalog in Albert, I called. The owner had died so I got to deal with his wife, who was very nice, but was not knowledgeable about the cows and did not care how I got 23C mother home. Many thanks to Chris Houchin, who took the cow to Donna McMurtry's who got a health paper for us! Two of the most wonderful and helpful ladies, you will ever meet! P.E. May 6, 2020 Gudas

## Treasure 4T

*Lot 35CA*

This will be the opportunity to flush Treasure 4T to the bull of your choice! these embryos are exportable, provided that qualified semen is furnished. Buyer may choose sex of embryos (97% accuracy) Virginia treasure 4T has impacted our herd like no other. A huge thank you to Brian Valentine. Brian was the manager of Double Bar D in Sask, 500 Fleck cows. One day Brian was telling me about a cow who's first bull calf sold for \$58,000. Brian then flushed that cow to several different bulls which resulted in the first ten bulls in their 2015 sale that averaged \$9,800!

Treasure has been with us less then four years and her production has been nothing less than astonishing! Since her arrival she has produced over 25 daughters,

Otto and Frtiz are two of her sons that we are using that you will be hearing about in the near future. Also we have more calves on the way, and more embryos in the tank! Thank you to Stephen Beechinor for purchasing Treasure and Ms Moses 03X embryos. In addition to all that we will be offering five embryos as Lot 35B, so that youth may share the success of this productive prepotent cow family!

This will be the opportunity to flush Treasure 4T to the bull of your choice these embryos are exportable, provided that qualified semen is furnished. Buyer may choose sex of embryos (97% accuracy). Cost of embryo production will be for buyer's account. Six embryo minimum.

**Can you pick out the six Treasure daughters?**

**\$38,000 Grand-daughter of Treasure**

### *Lot 35B*

Five female sexed embryos out of Treasure and sired by South Seven Adonis 96Z (Stuey). These are #2 embryos stored at Trans Ova and are exportable to Canada. Last year we got 75% conception on our embryos and the year before we were over 80%.

**Kuntz Climax \$47,000 son of Southseven Mr. Adnois 96Z**

*Lot 35C*

*Kuntz Ms. Moses 03X*

We are offering four number one female sexed embryos. These embryos are stored at Trans Ova and are exportable to Canada. These embryos are sired by South Seven Adonis 96Z (Stuey) which make these embryos full sibs to one of the greatest flushes of all time which included \$47,000 Climax, \$19,000 Durmax, \$19,000 Determined \$14,000 Sonic. These are the four bulls! There were two heifer calves that sold for \$10,000 each to Mark Land and Cattle. Trevor Kuntz retained a number of Ms. Moses heifer calves which have been stellar producers. Trevor told me that both of the best bulls last year were from Ms. Moses daughters.. Ms. Moses 517C is another flush mate to these embryos and has already produced the \$22,000 Gudas bull that sold to Virginia Ranch who, in his first calf crop, produced two of the three highest selling in their bull sale. You will be able to purchase several cows bred to Gudas in this sale. Stephon Beechinor sold a Blueprint son of Ms. Moses for \$9,900 this last spring. Last year we got 75% conception on frozen invitro embryos the year before we were over 80%. Ms. Moses is unquestionably one of the best producing cows in the breed. We are proud to own her and we are proud to offer you these embryos!

517C is a full sister to these embryos and is also the mother of Gudas.

**Rare Semen**

**Lot 36A 1 unit Solway Adonis**

**Lot 36B % units Western Union 5Z**

**Semen stored at Trans Ova.**

**Purchaser responsible for shipping.**

**I believe this may be the last time you will see semen on these two bulls.**
